VOL. I, NO. 37.

MOSCOW, IDAHO, SATURDAY, SEPTEMBER 14, 1940.

10 CENTS A COPY.

THERE lies on my desk a letter from the religious editor of one of New York's great newspapers. The gentleman who wrote the letter is a theologian of repute. He is a bishop of a certain church and knows the scriptures backwards and forwards. For obvious reasons, I will not use his name, but I will state that the paper he works for is one of the largest and oldest newspapers in New York City.

Let me give you the first paragraph and then comment a little on the rest of the letter, enough to show that, as I claim, "*Psychiana*" is bringing to this world the only true conception of Deity ever brought to it. Here is what this good friend of mine says, in part:

"Dear Dr. Robinson, first and foremost I want to tell you how much I enjoy the '*Psychiana*' Weekly, although on some points my interpretation differs from yours. It is a good thing, however, that we conservatives can agree with the liberals on the vital issue of mutual right to interpretation. . . . I hope so, for I feel that your Movement is constructive dynamite in religion. In addition to being religious editor of the \_\_\_\_\_ Newspaper for the past consecutive 12 years, I am a bishop of the \_\_\_\_\_ church. . . . On the ninth line of the last column, page three of the August 3 issue of the *Weekly*, 'Christ was never God.' If by that you mean Jesus, I have no growl, but as to Christ, I take issue with you."

My good friend evidently is attempting to divide the name Jesus Christ into two different parts and I understand his idea on this. On the other hand, I am taking the two words to mean one individual, and with this the religious editor of the New York paper has no quarrel. He agrees that "the man, Jesus Christ, never was Almighty God." There is a great deal of haze connected with this figure, Jesus Christ. Let me say

## Am I Right?

that *Jesus* was then, and is now, a very common name among certain nationalities. One-third of the people of Mexico are called Jesus, which is pronounced "Haysus."

The scriptures do not tell you what the last name of this carpenter family was. It might have been Brown or Anderson. If Mary, the supposed mother of Jesus, had another name, it might have been Mary Brown, Mary Robinson, or Mary Smith. What we do know, however, is that all families in that day, as in this, had two names.

My friend in New York has taken the word "Christ" or "Christos" to mean God and in the last paragraph of his letter he states: "The word in Aristotle's usage means wonderful, primitive, divine principle. Thus the true meaning of the first verse of the chapter of John's Gospel really is, 'In every soul exists the Spirit of God'."

That is what I have been teaching for 12 years, and that is what the Christian church does not preach. The Christian church worships a man who may, or may not, have lived 2,000 years ago. It worships that man as being God Almighty. The entire philosophy of "*Psychiana*" is that God is an Invisible Spirit which created this universe and which still lives in every human being on the face of the earth. My friend of the New York newspaper agrees with this. He insists, however, in bringing in the God "Christos," but in my opinion that is absolutely unnecessary.

The first verse of the first chapter of the Gospel of John states: "In the beginning was the Word and the Word was with God and the Word was God." Let me say at this point that no original manuscript of the Gospel of John has ever been known to exist. The title of this Gospel was supplied by the Roman Catholic

church, as were the titles of the rest of the Gospels. The reason there are four Gospels is because animals have four legs and the earth has four cor-

ners. These Gospels, which are completely anonymous writings probably written by monks in some monastery, are all of unknown origin and it is a mistake to consider any of them as being "divinely inspired."

Probably my friend on the New York newspaper has in his library the list of the books which were frowned upon by the Catholic Bishop Iraeneus and the yarns told in them are as impossible as the yarns told in the four Gospels. The Gospel is the bible of the Christians only, and the Christian religion, according to Dean Inge, quoted in a recent issue of this magazine, has failed.

There are ten other major systems of religion on this earth, and they each have their own bibles, which antedate the Christian bible. So as far as I am concerned, it is useless for anyone to attempt to identify God through any writings in the Christian bible. Until they can find some actual evidence of the authority of these writings, I am not in the slightest degree interested in them. They are capable of too many different interpretations. Yet you can take all bibles of all religions and find in them the statement in the last paragraph of my friend's letter, which is as follows: "In every soul exists the Spirit of God." If this Movement has ever taught anything else than that, I should like to know when and where. Our entire structure is founded on that premise. We go one step further and we say that if in every soul exists the Spirit of God, every soul may draw upon that Spirit. If not, of what use is the Power of the Spirit of God?

The Christian religion teaches that we must "possess our souls in patience," and if our names are found to be written in the "lamb's book of life" somewhere up in the sky, and if we have made our grades as good

# Permanent, Enduring Peace

WHAT we are wanting, and what the whole world needs, is a permanent, enduring peace. As the situation exists today, however, such a peace seems far off—very far off. In reality, it is not so far off when we consider the immensity of time, and there are those of us alive who will live to see that day, strange as that may seem at this writing. The world of today sees a monster, a tyrant, an insane madman endeavoring to bring the whole human race under his control. That has been tried before, but it has not been tried with such an array of instruments of murder as this Anti-God Hitler commands today. Millions of men, young men who dare not call their lives their own, and who dare not speak their own minds. These young men are but fodder for cannon. Each is some good mother's son, but so far as Tyrant Hitler is concerned, that means nothing.

The bombing plane, hurling its missiles of death and destruction. The ghastly submarine which torpedoes innocent men, women and children as the Germans did the Athenia. The long-range cannons which are even now blasting the beautiful English watering-places into ruins, and heaping death and destruction on countless thousands. The poison gas. The tank. And other hell-begotten instruments of destruction—never before has one man succeeded in accumulating such diabolical destructive power on this earth. The whole world thinks he will win. I can tell him now that he won't, but he will wreak havoc before he is brought to his knees. Furthermore, there is no human power which can bring him and his ungodly associates to their knees. It will take the Power of an invisible Spirit called God to do that, and unfortunately, this world knows practically nothing about the existence of that Great Spirit which can, and will, before too long, crush Hitler and his associates as if they were ants crawling on the ground, and crushed under the heel of a passer-by.

The awful fact is, however, that while Hitler and his brutal, insane

associates have all this material might, there is not one single organization on the face of the earth (ourselves excluded) which knows anything whatsoever about the existence of this invisible Power which is God. There does not exist one single organization, with our own excepted, which is capable of throwing the Power of the invisible Spirit of God against Hitler, for the simple reason that the existence of the Spirit which is God is completely unknown to any organization. I am aware of the fact that there are about 500 different organizations on the face of the earth, all claiming to know all about God, and all making a living and existing because of that claim. But you know as well as I know that there is none of these organizations which actually can demonstrate the invisible Power of the Maker of this universe, do you not?

These varying organizations, the churches, have ritual, they have dogma, they have rite, they have creed, and they have many other things. But the one thing—the only thing which will stop Hitler et al., they do not possess. They never have possessed it. Therefore, quite naturally in this world calamity anyone looking to any church for release from the murderings of Hitler would be considered somewhat queer, would he not? In this Weekly, a short time ago, I published the words of Dean Inge, the nominal head of the great Church of England. Those words were—"*Christianity has failed.*" He should know. In the same issue, I published statements of other very prominent church leaders, and they are all agreed with Dean Inge—"*Christianity has failed.*" This, then, leaves the world with no organization through which the Spirit of God can manifest, with one exception.

I pointed out in that article the reason Christianity has failed. The reason is that Christianity, instead of knowing and teaching the Power of the invisible Spirit which is God, is teaching old religious and pagan tradition, which tradition was known to millions, thousands of years before

Christianity or its supposed head, Jesus Christ, were ever heard of. Now Hitler will not be stopped by any pseudo-religion. He will not be stopped by the "prayers" of any or all churches, because these "prayers" are but part of the old traditions which the Christian church now calls "heathen." The teachings are the same, yet one is "Christian" and the other is "heathen." That makes them all heathen. In any event, there is nothing the Christian church can do, or has ever been able to do, to either bring peace to this earth, or to demonstrate the Spirit which is God on this earth.

This leaves Hitler in temporary control, for he has the man-power and the airplanes and the ghastly poison gas, about which we shall hear more, while the church, the agent which tells us it represents God Almighty, stands on the sidelines like a dunce in the corner of the classroom, and is utterly impotent to do one thing for God or for humanity. Certainly it is powerless to bring Hitler to his knees. Well—is all lost? Are Hitler and Muscle-in-i and maybe the Japs thrown in—are these tyrants to be successful? Not quite. For there is an organization on this earth which actually knows how to use the invisible Power of the Great Spirit of God, which Power, of course, the churches cannot possibly know, because their god was born in a manger, from another man's wife, some 2,000 years ago, and has never been heard from since. A dead "god" can do nothing in this emergency. It will take a God who is very much alive and very active. (This whole story of God being born of a virgin and crucified

## Questions and Answers

Ques: Was anything ever made out of nothing?

Ans: No, and nothing that ever was made will ever be destroyed. Whatever exists now has always existed. Whatever exists now will always exist. You cannot destroy anything. If you will look upon God in this light, God will be very real to you. For God IS. God always was. God always will be. No matter what form you take on this earth, the motivating Principle will always be the Spirit of God, or the Spirit which is God.

Ques: What are the oldest known bibles or religious writings?

Ans: The Hindoo Vedas are the oldest known "sacred writings;" the Sanskrit is the oldest known language, and the father of all known languages. By the way, these Hindoo Vedas are far more effective in revealing the truths of God to me than the Christian Bible is. The Old Testament is only a Jewish history. The New Testament was not written until from one to two hundred years AFTER the supposed birth of Christ. The four gospels are absolutely anonymous. No original manuscript has ever been known to exist, and they are not in the Christian Bible because of divine inspiration or anything on that order. They were put there by a group of Roman Catholic priests, and the council which put them there was later repudiated by the Christian church. The only books in the bible I ever pay much attention to are the Psalms and I don't get very much time to read even them. You see, when a man is bringing to this world the actual truths of God, he has no time to study the old bibles or sacred writings of any system of religion. The Spirit which is God is not to be found in these old pagan teachings which deal with "crucified gods." No one ever killed God. God is a Living Spirit, and God lives in you with all the remarkable Power of that Spirit. Use it—it's there for you, my friend.

Ques: My husband drinks and drinks, and I can't stop him. What am I to do?

Ans: Let him drink. He likes it. You can do nothing to stop him as long as he wants to drink. Some day he'll drink

so much that he will get sick of it and quit. He may die in the meantime, but he will have learned the lesson. If a man wants to drink, and deliberately goes and gets drunk, I think such a man should be allowed to drink himself to death in the shortest possible time. He is no good to himself or anyone else. I know what I am talking about.

Ques: What do you think of the Swami—and what he teaches?

Ans: I don't know what this particular Swami does teach although I have heard about him. The trouble with these Swamis is that a good many of them are fakes and never saw India. If you can find a true Swami or a true Yogue, you are a very fortunate person. But make such a one tell you where he learned his philosophy, and under whom. The old sages of India have forgotten more than most of us know about the unseen powers of what we call the "mind." They are close to the truth. "Psychiana" will take you as deep as you can go into the invisible Realm of Spirit, and in studying here you will not be dealing with "the mind" or anything on that order—you will be dealing with the Spirit of God. There are many today who are "faking" by the use of "classes" and through the mail, claiming to have learned "amazing secrets" somewhere in the Himalayas. Well, the Spirit of God operates everywhere and it is not necessary to go to the Himalayas to find God. Read "The Secret Path" by Paul Brunton if you think we are getting shallow here.

Ques: Are your programs on the radio and if so, over what stations?

Ans: Our programs are not on the radio. We believe this field of advertising to have passed its peak, and there is so much trash on the air that we do not feel we want to allow the "Psychiana" programs to go out over the air, with radio in its present condition. I predict that the best advertisers will shortly discontinue radio advertising, and many of them are doing this now. Furthermore, the National Association of Broadcasters is, in my opinion, one more long step in the road of government supervision or dictatorship, and I also predict that newspapers and magazines, as long as they stay away from censorship, will get the bulk of the advertising of responsible business firms. Take whiskey, for instance. The sale of whiskey is legal. Then the advertising of it over the radio should be allowed. I am making no brief for

whiskey, for I don't believe the stuff should be manufactured. But as long as it can be legally manufactured and sold, the radio should accept it for advertising. Whenever the N. A. B. or anyone else sets themselves up as censors of public morals, free America is gone. Suppose, for instance, the churches should have the censorship of religious programs over the air (which they have) any new truths of God (such as we have) could not go out over the air, and this is not in the public interests.

Ques: Why did you not use the Power of the Spirit of God on your little girl's knees when she had to be operated on?

Ans: I did. I got the best surgeons in America to do the actual work and inside of THREE DAYS from the time Florence left the Swedish Hospital in Seattle—SHE WAS WALKING. What would you have done?—prayed that she might recover and done nothing to bring that recovery? You would have committed a criminal act, if the remedy being there for the disease she had, and the remedy being known to surgery, you had not used that remedy. The Power of the Spirit of God gave to the medical fraternity all the knowledge of the BODY it has. If the remedy for a disease is known to medicine, it is your duty to avail yourself of the remedy, certainly. Otherwise your child might die or be crippled for life.

Ques: Why did Jesus curse the fig-tree? It could not bring forth fruit out of season.

Ans: He didn't. That's old myth and allegory and a quite similar story is told in the Hindoo religious writings.

"Psychiana" is a Movement of the Spirit of God on the earth, and the aim of this Magazine is to assist "Psychiana" in making the Spirit of God a vital living Power in the lives of our fellow-men. The Movement is non-denominational. Its Members comprise adherents to every faith in the world. It wants to help them all. We have no "articles of faith" nor do we have creeds or rituals. We know man exists, and we know the Spirit of God exists. We know man can know the Power of the Spirit of God while on this earth and through this Movement God is being made a Living Reality to men and women of every race and creed all over the world.

Whenever it is necessary, this Magazine speaks very plainly. Many traditions of "orthodoxy" are shown for what they really are. Whenever we find ancient myth and superstition masquerading as being of the Spirit of God, we bring the facts to the world, kindly but forcefully. We believe the Power of the Spirit of God is abundantly able to step into this desperate and discouraging world picture, and bring a permanent peace. To this end we are striving, and as the Spirit of God reveals Itself to us, we reveal It to others without fear.

Members of every church are cordially invited to come and find and use the Power of the Spirit of God with us. An infinite love for all is the motivating Power of this entire Movement. Through this Movement the Spirit of God is making Its presence known on earth.

The Editor.

## Am I Right?

(Continued from page 1)

Christians while on earth, we shall in some undiscovered region at some unknown future time, know something about God. That philosophy is a philosophy of defeatism. It never has and it never can reveal the Power of God to this earth. In spite of this and ten other religions, such tyrants as Hitler and "Muscle-in-i" have been able to throw this world into an uproar, and there does not exist one single religious organization on the face of the earth, including Christianity, which can do one thing toward stopping this terrible thing which threatens to drive civilization from the face of the earth.

I attribute the rise of Hitler to the failure of Christianity and all other present forms of religion. They have a form of godliness, but they have no Power. If, however, it be a fact that *in every soul exists the Spirit of God*, that is only one way of saying that in every soul exists a Power so great that no monstrosity such as Hitler can ever appear on the horizon, and had

this conception of God been taught by Christianity and the rest of the religions, believe you me, Mr. Hitler would still be painting houses.

Now what is the answer to it all? How are we going to stop Hitler? How can peace be brought to this earth? The answer is very simple. In fact, it is so simple that Hitler can be stopped in 30 days, if our formula is used. The trouble is that you can't get any major system of religion to believe only that "in every soul exists the Spirit of God." They want to count their beads. They want to cross themselves. They want to listen to some priest or preacher. They want to go into a confession box and confess their sins. They want to eat the flesh and drink the blood of Almighty God, which is a sheer impossibility, for Almighty God was never anything else than a Spirit which could not possibly have had either flesh or blood.

If any religious organization will toss pagan theories to one side and will operate upon the premise that "in every soul exists the Spirit of God," how long do you think it would take the Spirit of God existing in all of us to stop a man like Hitler?

Here is my suggestion to the Christian church, and it can take it or leave it. Next Sunday in every church, let the preacher tack up on the front of the pulpit a large picture of Hitler. Before the actual service begins, let the preacher direct the attention of his congregation to this picture and let them, pointing at the picture, say aloud, three times, our affirmation, "*The Spirit of God will bring your speedy downfall.*" What do you think would be the result in 30 days if this were done? This would be religion in action. It would be taking the Spirit of God which exists in every soul and it would be intelligently throwing that Spirit against the greatest human parasite this world has ever known.

We have scores and scores of thousands of people who are doing this, and if the Christian church wants to save itself and the world, let it join with us. This is a copyrighted statement, but I shall be very happy to allow every church organization in existence to use it. The only thing I shall ask is that they "give the devil

his due" and give this Movement credit for originating this statement and all it implies.

My friend on the New York paper said that "*Psychiana*" was *constructive religious dynamite*. It is just that. Before it is through, it will force the ritual, dogmas and rites of the Christian church into the background and will replace these foolish, idolatrous ideologies with the Power of the Spirit of God which exists in each one of us. Now you know what "*Psychiana*" is trying to do. We welcome the efforts and assistance of every church in existence which believes that the Spirit of God which exists in each one of us is abundantly able to drop Adolf dead in his tracks and is able to do it by the Power of the Spirit of God without the help of any bombing planes.

Now where is the religion which will step out and join this Movement in this manner? Or where is the man or woman who will give this Movement sufficient finances to spread this Movement of the Power of the Spirit of God to the uttermost ends of the earth?

## God and the World

I have often made the statement that if we could leave God and man alone, they would soon get together. And when God and men get together, this world will be a glorious place in which to live. Such monstrosities as Hitler could not exist. Bombs, dropping from God's heaven, could not snuff out human lives by the million. Poverty, injustice, dictatorship, fear, hate, and the rest of this motley crew would be unknown. That day is coming. God and man will get together. It is the normal end of the human race.

By "man and God getting together," I mean leaving man alone with God with no human assistance. God certainly needs not the aid of man to disclose Himself to man, and man certainly needs no help to find God. God and man left alone, I repeat, will find each other. But God and

man have not been left alone, sad to say. Organizations, claiming to be of God and to know God, have forced themselves on the human race. No one asked them to. Yet, on their own mere say-so, we have toadied to them, accepted their unprovable claims of being of God, and we have given them their property tax-free, etc. In fact, all one has to do now to get special privileges is to make the claim, absolutely unsupported by proof, that he is "teaching the truths of God and is therefore a religious man."

The day when God needs man to disclose Himself to man will never come; yet the existence of these church organizations insults God by inferring that God is not qualified to make Himself known to man without their aid. If they all told the same story of God, one might be inclined to believe them. But they do not. For religion today is a hodgepodge of

theories and whatnot, and it is an insult to Almighty God to attribute any of what we know as "religion" to the Deity. It just simply cannot be from God.

In God is harmony, and there is harmony in anything which comes from God. There is little harmony in what we know as religion today, and, I repeat, before God and man can get together, all religious organizations must first get out of the way, thus allowing God to manifest His invisible Spirit to this world. As long as "church" organizations exist, teaching the impossible theories they now teach, they only hinder man's finding God. That is evident to everyone who is capable of thinking, and many people who never thought before are thinking today.

There is an intangible "something" in the air. Men and women as never before are looking to a higher spiritual Power for some demonstration which will once and for all bring these earthly, ghastly Hitlerian murders to an end. Men and women want peace. They want the Source of Peace to be made known to them. Yet they know that it is quite useless to look for that source of Peace through anything any church organization teaches. Still, these good Americans know that God—the Eternal Spirit of God, exists. They know instinctively that this Spirit is very close to them. They seem to sense that the world stands on the brink of the greatest Spiritual Awakening it has ever known. Yet they do not want anything present day churches offer them. That is very significant. Very significant indeed.

No one ever asked any religious organization to step into the world picture and take over the things of God. No one ever asked any church organization to tell the world how God may be found. They took it upon themselves to come to us with a story of God which, so far as I am concerned, is the height of idiocy. God crucified on a cross 2,000 years ago. No church organization today has anything to offer this world which was not taken from older and pagan systems of religion. These "pagans" had all of these impossible theories, every one of them. Yet "religion" today offers them to the world as

## With Our... Students

The next letter I want to quote from comes from a wonderful student in Red Bank, N. J. This Student says:

"I am grateful sincerely for the wonderful healing which I received from your Lessons, especially the part that 'your thoughts are part of the living God'.

"I was working in a cellar of a gasoline station when a spark from a motor ignited the gas fumes which had accumulated in the cellar. The explosion and flame was so great that I did not know where I was. So I said, 'Help me God' and the Still Small Voice said to me 'Follow me' and the flames seemed as though they were swept away by a gust of wind and before I knew it I was outside.

"Everybody said that they did not see how I came out alive. MY FACE AND BODY WAS BURNED WITH SECOND AND THIRD DEGREE BURNS AND THE DOCTOR GAVE ME THREE DAYS TO LIVE.

"But the Power of the Living God healed me in three weeks leaving only two small scars on my hands. The doctors were amazed at the rapid recovery I made.

"The Living God will bless you and the task you have before you."

This is really a remarkable letter, yet it is only one of hundreds of thousands we have received and is just one more little bit of proof of what can be accomplished through recognizing the very existent Spirit of Life which is God. No creeds, rites, or rituals are necessary to know the Power of the Spirit of God. It is not necessary to believe that Almighty God had to be nailed on a cross. Nor is it necessary to believe that the Creator of this universe made a mistake when he created us all, having nothing to show for his creative ability but "sin and corruption." Any man or woman, at any time may draw upon the Power of the Invis-

ible Spirit of God and he or she will find an immediate and full response, regardless of what the need may be.

When this new conception of God is grasped by the world—and it will be—there will be no Hitler or Mussolini. There will be no more crimes, jails, hospitals, but this recognition of the present existence of the Spirit of God will make this earth blossom as the rose and all nations, recognizing this Power will live together in peace with the Spirit of God living amid them.

✱ ✱ ✱

The next letter in front of me comes from a Student on North Oakland Avenue, Pasadena, California. I quote the letter in full.

"I wish to express my deep gratitude to you for what you have done for my daughter. She came out of the operation so quickly that the doctors and the staff were surprised. I knew and felt who was standing silently by and am surely grateful to you."

This was a case in which the daughter was not expected to live.

This Student contacted this office and we did what little we could do toward bringing the Power of the great God-Realm into play, and evidently we were successful because this letter speaks for itself.

Really, it is not necessary for anyone to wire us or to write us regarding illness. If the existence of the Spirit of all life is recognized in the life, and if that Spirit is called into play and its power spoken into existence, the results are always sure. We are, however, always glad to receive wires regarding illness and our only suggestion is that if you require a telegraphic reply we must send it collect as we have no extra funds with which to pay for such wires.

✱ ✱ ✱

The next letter comes from Ruth Barnes in Plattsburg, Mo. It happens to be one of those letters which deal with physical illness.

I would like to state that this Movement has never been a "healing Movement." It is quite natural, however, for these healings to manifest when the Power and the great Invisible Spirit of God is used against illness. Sometimes I will run into a batch of 40 or 50 "healing" letters in a row. Then, I will go through 50 or 60 more without finding one. We do, however, receive more letters telling of the actual results achieved through the operation of the Power of God than all the churches in the United States combined can show.

This only proves that the conception of God being brought to the world by PSYCHIANA is the dawning of a new day in which the truth of God shall be known.

Now here is the letter from our good Student:

"I received your telegram at the hospital. It came while my sister was on the operating table. She was on that table four hours and 20 minutes, had 10 operations in one. She got along beautifully and her nurses said it was unusual with the operations she had how wonderful she got along. She is home now and doing fine. I want to thank you and God for the wonderful help. Peace and happiness came over me when I read your telegram. God bless you and your work."

✱ ✱ ✱

From the little village of Harper, Oregon comes the next letter. This letter really is very interesting. Many people answer our advertisement out of curiosity. They think it is some sort of joke or get-rich-quick scheme. But when they find

out what we really are doing and teaching they soon discover that this is the most dynamic teaching of God this world has ever known.

The results we achieve through the Power of the Spirit of God are actually amazing. Little did we dream 12 years ago when we walked out of the little Moscow drug store that a Movement of this size would be started. Little did I dream that I was the man chosen by God to bring to this world the truth of God which will eventually unite God and Man.

Now the letter from our friend at Harper says:

"I want to express my thanks for what PSYCHIANA has done for me. When my wife enrolled I thought it was a joke, but I started to study with her. It was wonderful. 'Wonderful' is no name for it. I was dying by inches with ulcers of the stomach, throwing up blood and pus, and was not able to work, and along with everything I had varicose veins very bad. The veins were bad and so sore I could not stand even the pressure of my trousers against them.

SINCE I HAVE USED THE GOD LAW MY ULCERS HAVE COMPLETELY DISAPPEARED. I WENT TO WORK ON MY LEGS AND IN FIVE MINUTES THE PAIN HAD LEFT. IN FOUR DAYS ALL THE SWELLING WAS GONE AND THE VEINS WERE NORMAL FOR THE FIRST TIME IN 30 YEARS.

To those who think there is no God Power I will say there is and it is dynamic. I just cannot begin to express my heartfelt thanks to PSYCHIANA and you."

(Continued next week)

"Owing to the jumbled condition of things brought about by the new deal, laborers of a sand and gravel company in an eastern city are striking for the right to work longer hours. And we thought 'Through the Looking-Glass' was a queer book."

"Further proof that the English are unconquerable may be found in the news that one of them has paid a fancy price for two chickens killed by a German bomb—the idea being to have them mounted as souvenirs."

## Permanent Enduring Peace

(Continued from page 2)

on a cross for the sins of the world is a very old religious, pagan tradition, easily proved to be just that.)

The other organization I am talking about has no churches. It has no rituals. It has no creeds and it has no beads, no Lord's Supper, no prayer meetings—in fact, it has nothing which can faintly be connected with any old pagan religious tradition. This new organization, "*Psychiana*," knows and teaches only one thing. That one thing is the present existence of the Great Invisible Spirit which is God. That is really all it needs to know and teach. These old traditions of the Christian church certainly have never revealed God, nor can they stop Hitler. Dean Inge, and other leaders, such as Magee of the Methodist church, are admitting, and their figures show their entire structure to be a failure. So why continue it? Why not do as millions here in America are doing—leave it alone, and find and use the True Power of the Spirit of God entirely outside of any church organization? Why support or attend any institution which is publicly pronounced by its leaders to be a failure? You can't stop Hitler in that manner. Nor can you find the invisible Power of the Spirit of God through an organization whose every detail is but old heathen tradition told again. If the Spirit of God were in the Christian church, Dean Inge, and the others quoted a few weeks ago, never would say "*Christianity is a failure*," would they?

Let me tell you how to know God completely, and how to throw the Power of God against Madman Hitler and Co. First, keep away from all churches. Second, when you awaken in the morning, and before you begin your daily task, whatever it may be, close your eyes, and when completely quiet, repeat this statement several times over: "*I have the Power of the Spirit of God in me.*" At noon, do this again, and again at night. When you leave the home for work, or if you work in the home, recognize the fact that all the Power of the Spirit of God lives in you. If it did not, you

would not be alive, would you? Of course not. So then, instead of looking to some bible or some church for God, recognize the indwelling presence and Power of God *in you, in everything you do, and live every waking moment of the day with the consciousness of the invisible Power of God, actually operating in you.* At stated periods of the day, keep quiet, and, visualizing a picture of Adolf, close your eyes and repeat: "*The Spirit of God will bring your speedy downfall.*" This is the Power which will drop Hitler—the Power of the Spirit of the Eternal God, and *that Power lives in you.*

Soon, this Power will begin to manifest Itself in your life and affairs, and you will get stronger and stronger in this Power. Just simply live every moment of the day with the consciousness of the Power of the Spirit of God which gives you life, in you. Forget Jesus Christ. Forget the church. Forget the "mass"—in fact, forget everything the church has taught you about God, for, I repeat, it all is but a hangover from much older and pagan systems of theology. It does not work today. If it did, the leaders of the churches would not say "*Christianity is a failure.*" The story of Jesus Christ being crucified on a cross for your sins is not true. If you think it is, read "*Gleams Over the Horizon*" or "*Crucified Gods Galore*" by myself.

No, beloved, this world as a whole does not know yet the True God. It does not know the existing Power of the Spirit of God. The true story of God has not been told by any church organization. All they know is a system of theology designed to make their own organizations successful, and they haven't been able to do that. You can fool all the people some of the time, and some of the people all the time—but you can't fool all the people all the time about God. They have been fooled long enough. Now they are awakening. They are finding God where God always has been—in them. They are drawing upon the Power of the Spirit of God in them, and they are finding that Power more than enough for their every need.

I ask every American to begin every day from now on with the consciousness of the Spirit of God in him or her, as per the first state-

ment given in this article. I ask them all then to join with us in throwing the Power of the Spirit of God against Hitler. In that manner he can be brought to his knees, but probably in no other manner. Forget the "blood of Jesus," for we have too much blood being shed on earth today, and any religion founded on the shedding of blood, even the blood of a god, is an untrue religion. We welcome all churches to join us. If you will, we will show you how you can change your present life of decay and uselessness for a life of victory, not through the "blood of Jesus Christ" but through the Power of the ever-existing Spirit of God. Will you join us? Please do.

It is a fact and no fancy that we have all lived to see the abolition of slavery. Why is it incredible that some of us may live to see a greater evil, namely, the liquor traffic, made an outlaw by both state and national constitutional amendment? There is more money behind the liquor traffic than was ever behind slavery. Those who used to be called by Charles Sumner "the Lords of the Lash" never worked, or whipped, or burned, or starved to death in any circuit of the seasons before the Civil War so many victims as the liquor traffic now destroys every year in our republic. Slavery never added so much to the wastes and burdens of the nation in any one year before our military conflict began, as the liquor traffic now adds every year. Slavery never cost us a thousand millions annually. Slavery never destroyed eighty thousand lives a year. Slavery did not produce nine-tenths of the crime of the land. It is on account of the unity of the liquor traffic and its growing audacity that I predict its overthrow.—Joseph Cook.

Death from sin no power can separate.—Milton.

## God and the World

(Continued from page 5)

being of God, and as being both original and true. That is not a fact, and can easily be proved. Yet we have gone out of our way to respect and shelter these organizations, paying no attention to their preachments. They were "religions," so we gave them their taxes free, etc. The world would be better off today had we made them prove their senseless theologies. For if anyone thinks the Power of the Spirit of God is known on this earth today, let that one take one look at it. If anyone thinks that any system of religion can stop Hitler and his ghastly murders, let that one tell me what system of religion that is.

I know that millions of good honest people are depending upon the story of Jesus Christ for "life beyond the tomb." I know that 300,000 preachers and priests are making their living here in America by teaching that God Almighty was crucified on a cross 2,000 years ago. I love them all. I want to help them all. If I did not know whereof I speak, I should not be leading the "Psychiana" Movement today. I know that there are tens of thousands of churches here in fair America, and I know that the religious philosophy of them all is "the shed blood of Jesus," etc., etc. Yet, I must be true to my country, true to my God, and true to myself by telling them all that their story is not true. If the only place the Power of God can operate is "beyond the tomb after death," then the Christian church has not the True God. I make that statement.

The Power of the Great Spirit—God, exists here and now. It can be used now by all. Had this Power ever been known or taught by any religious organization, do you think Hitler would be able to do what he is doing today? Do you think for one moment the only place we can know the Power of the Spirit of God is "beyond the tomb?" If you do, you make a fatal mistake. If there be a God, and there most certainly is, the place for that God to manifest Its Power is right here on this earth—and now. Now is the time we need God—not beyond the tomb. Now—right here on this earth, we need the Power of the Great

Spirit of God to stop Hitler and kindred maniacs like him. Would you have me believe that the only object of religion is to "save the soul" after we die? If that is your idea of God, you had better get rid of it and find the True God. That True God is *not* to be found in the theories of any church regardless of what that church may be.

The Roman Catholic church in Italy has already thrown in its lot with Hitler and Muscle-in-i, so there can be none of God in it, can there? And, in spite of the large number of priests, preachers, and churches here in America, I am afraid there is little of the Power of the Spirit of God here. If there is, where is it? The whole church structure teaches that God Almighty died on a cross for the "sins of the world" 2,000 years ago. I am saying to you that the theory of the crucifixion of a god for the sins of man was an old pagan myth long before Christianity was ever heard of. This is a true statement and I have proved it in my books many times. Moreover, not one theologian or religious organization in 12 years has challenged the statement. They know it is true as well as I do.

If it seems presumptuous to make such statements, may I say that this world is going through a new birth. Hitler had to come. Had he not appeared, the True Spirit of God could not have been known. As a result of his coming, Hitler will go down to his doom, and the Power of the Spirit of God, which we of "Psychiana" are bringing to the world, will be completely known the wide world over. This is a staggering age. The old, foolish conceptions of God Almighty dying on a cross for the sins of the world will have to be exchanged for the True Conception of God, which is, I assure you, quite different from anything any church has to offer. All the rituals, the dogmas, the creeds of present day theology are idolatry. They cannot be of the Spirit of God. The "blood of Jesus," the "sacred heart of Jesus," the idols of the Catholic and Protestant churches, these things have never been able to reveal God to the human race yet, have they? Of course they haven't. They never can because they are but relics of old systems of theology, pagan in their entirety. They cannot bring peace to

this world, neither can they stop Hitler, and that's the one thing every right-thinking man and woman is interested in today. Hitler has all the physical might he needs. Yet he will be brought to his knees.

Where, then, is the organization, and where is the Power of the Spirit of God which can stop this ghastly thing, and manifest God to the world? Let me tell you. The organization is here. It is the "Psychiana" Movement. Yet every member of every church can join with us in throwing the Power of the Spirit of God against Hitler, and you will live to see his fall. Let me go to the Christian bible a moment, only for my good Christian readers. These good bible readers will recall that in Isaiah's day, an arrogant Assyrian found that the God against whom he had issued his blasphemous challenge before the walls of Jerusalem, had command of unseen forces which his own proud armed force was powerless to fight. He lost, as Hitler will lose.

This is exactly the condition as it exists in the world today. We have on the earth, a madman who denies God. "There is no power on the earth or above the earth, which can defeat me," he recently said. He is mistaken. We of "Psychiana" are already accomplishing the doom of Hitler through the Spirit of God. Would to God every church member would join us in our humble efforts. We can down Hitler and Muscle-in-i without them, but we could do it so much faster with them. It will take a Higher Power than this world has known to date. It will take more than "the blood of Jesus." It will take more than beads, crosses, confession boxes, etc., to stop this inhuman monster—it will take the Power of the Spirit of God.

So then, shall we all, regardless of denomination, recognize the Power of the Spirit of God in us, and, several times daily, repeat this statement: "The Spirit of God will bring your speedy downfall." That statement, backed up by a knowledge of the Power of the Spirit of God, will stop ten thousand Hitlers. You won't know how it will be done until it is done. But it will be done, because it is using the Highest Power against the lowest power. Will you join us?
